Level 3: Your Sneak Attack becomes 1d8.
Level 7: Your Sneak Attack becomes 2d8.
Level 9: Your Sneak Attack becomes 2d10.
Level 11: Your Sneak Attack becomes 2d12.
Level 15: Your Sneak Attack becomes 2d20.
Level 17: Your Sneak Attack becomes 3d20.

Vicious Opportunist
Ability, Cheat

Limitation: 1/turn
Effect: When you hit a Distracted target with a melee attack, you may change the Primary Die roll to whatever you like (changing it to the max value counts as a crit).

Distracted: A target is distracted if it is adjacent to or Taunted by an ally, or if it cannot see you.

Cheat
Ability, Cheat

Effect:
• 1/round: You may either Move for free.
• 1/day: You may change any skill check result to 10+INT.
• If you roll less than 10 on Initiative, you may change it to 10 instead.
• You may gain advantage on skill checks while playing any games, competitions, or placing wagers.

Creative Accounting
Ability, Cheat, Underhanded

Effect: Gain up to INT actions immediately. The next time you would gain actions, reduce that amount by the number stolen. Cannot be used on consecutive turns.

Exploit Weakness
Ability, Cheat, Underhanded

Cost: 1 Action
Effect: Make a contested INT check against an enemy. If you win, you can use Vicious Opportunist against them, even if they are not Distracted. This lasts for 1 minute or until you use this ability against another target.

Feinting Attack
Ability, Cheat, Underhanded

Effect: If you miss for the 2nd time in a single round, you may change the primary die roll to any result instead (changing it to the max value counts as a crit).

How'd YOU get here?!
Ability, Cheat, Underhanded

Cost: 2 Action
Effect: Instantly place yourself up to 4 spaces away, adjacent to a Distracted target, and make a melee attack against them. If you crit, you may place yourself again.

I'm Outta Here!
Ability, Cheat, Underhanded

Effect: When an ally within 4 spaces is crit, you may turn invisible until the end of your next turn and then move up to half your speed for free.

Invisible: Cannot be seen. Your attacks have advantage, and attacks against you have disadvantage.

Amidst All This Commotion...
Ability, Cheat, Silent Blade

Effect: If a creature dies while you Sneak Attack them, you may turn Invisible until you attack again or until the beginning of your next turn.

Invisible: Cannot be seen. Your attacks have advantage, and attacks against you have disadvantage.

Leave No Trace
Ability, Cheat, Silent Blade

Effect: Advantage on Stealth checks when you are at full health.

Low Blow
Ability, Cheat, Scoundrel

Effect: When you Sneak Attack, you may spend 2 additional actions to Incapacitate your target for their next turn on a failed STR save (DC 10+INT). Save or fail, they are Taunted by you until you drop to 0 HP.

Incapacitated: Can't do anything. Attacks against you have advantage, and melee attacks that hit, crit.
Taunted: Disadvantage on attacks except against the most recent taunter.

Sweet Talk
Ability, Cheat, Scoundrel

Effect:
You may gain advantage on all Influence checks with NPCs you've just met for the first time. This lasts until you fail an Influence check with them or until you meet a 2nd time.
You have disadvantage on Influence checks with them after you use this ability (until you get back on their good side).
